

2016 Finalists – Environment

Blacktown Workers Club Group **“We Care” – Helping to Build a Sustainable Future**

Blacktown Workers Club has been recognised for its “We Care” sustainability program which has seen the organisation reduce its ecological footprint and educate four local primary schools on the importance of recycling in the community.

Club Rivers **Green Thumbs Up for a Community Garden**

Club Rivers was named a finalist for the commitment of its staff. In 2015 the Club Rivers CommuniTEAM volunteered their time to help improve the local Riverwood Community Garden by planting hundreds of dollars’ worth of new flowers other flora.

Royal Motor Yacht Club Port Hacking **Building a Better Future**

The Royal Motor Yacht Club has been named a finalist for reaching its impressive goal of reducing their energy consumption by 25% and reducing their landfill contribution by a massive 30%.

Soldiers Point Bowling Club **A Sustainable Future**

Soldiers Point Bowling Club has been announced as a finalist for their commitment to becoming more environmentally friendly, switching over the LED lighting and reducing the Club’s general waste by 35% since 2011, as well as installing a covered bowling green.

Tradies **i Promise To Be More Sustainable**

Tradies is a finalist for its campaign which is based on the principle that making a small change individually, can make a big difference to the environment. Over 100 local community groups have committed to the campaign, while over the past two years, iPromise Grants have donated \$16,000 to support nine sustainability projects in the area.
